Test Case Summary

📂 Schedule — ❌ failed

🔲 C2511 - Can create SR with schedules verify that schedule is created on SR details and capacity is reduced by one in config-schedule.testcase — ✅ successful

🔲 C2528 - If multiple schedules are defined user would be able to see multiple buttons, create sr with schedule which is a distant one2.testcase — ❌ failed

❌ Error doing interaction. Connection Name: SAT_Dev_Admin_311, cause: [NoSuchElementException: No elements matched the field locator. Field name: selectScheduleDate For documentation on this error, please visit: http://seleniumhq.org/exceptions/no_such_element.html Build info: version: 'unknown', revision: 'unknown', time: 'unknown' System info: host: 'DESKTOP-FH6FHVE', ip: '10.0.0.119', os.name: 'Windows 10', os.arch: 'amd64', os.version: '10.0', java.version: '1.8.0_191' Driver info: driver.version: ProvarSeleniumDriver]

🔲 C2529 - if the capacity monthly is hit user is not able to create sr schedule on console should not be seen.testcase — ✅ successful

🔲 If schedule is not defined, user would not see the buttons.testcase — ✅ successful

🔲 If the item is specified within limit then sr is saved.testcase — ✅ successful

🔲 If the item limit specified is less specified - error message is shown.testcase — ❌ failed

❌ Failed to switch focus to the enclosing frame. Frame Selector: resultsFrame

C2511 - Can create SR with schedules verify that schedule is created on SR details and capacity is reduced by one in config-schedule.testcase
